YEAR-OLD SON OF DIRECTOR. Horsemen in a Liberal Vein at Facig's
Annual Nate-Prices Indicate a Return
of Prosperous Times for BreedersNancy Lee's Toungsters in Bemand. A surprisingly strong market for tretting

sale in Madison Square Garden, some of the young things consigned by A. H. Moore selling for prices which reminded horsemen of old collections of trotters in the United States, having at his farm near Philadelphia the noted sire Director, 2:17, with a herd of brood mares, which includes the dams of Nancy Hanks, 2:06 Phobe Wilkes, 2:0814; Jack, 2:1114; Red Bud, 2:12%: Joe Patchen, 2:03; Evangeline, 2:11%; Vinette, 2:09%; Pieley, 2:08%; Direct, 2:05%, and many other turf celebrities. He has been breeding from these sires and dams for several years, but until yesterday he had never put his young stock on the market. Horsemen from all parts of the country and from Europe were present to bid on the Moore consignment, and some notable prices were paid for the best colts

and fillies in the collection.

The star of the lot was an unnamed black colt, two years old, by Director-Winnifred, by William L., grandam Princess Eloise, by Mambrino King. He is gaited like Directum and when led by the side of a saddle horse he made an impressive showing on the miniature track. It is said that the youngster trotted a track. It is said that the youngster trotted a quarter in 0:32% last summer. John E. Turner, representing James W. Cooke, the owner of Onoqua, 2:08%, E. S. Wells of Jersey City, and George Starr of Terre Haute were the contending bidders. A lively round of applause from the big crowl greeted the fall of Auctioneer E. R. Lowery's nammer to Starr's final bid of \$4.500. This is the largest sum paid at auction for a green two-year-old in a long time, and the breeders present said it indicated a return of prosperous times.

breeders present said it indicated a return of prosperous times.

Three young things out of Nancy Lee, the dam of Nancy Hanks, 2:04, were sold for good prices. E. A. McFarland paid \$800 for the two-year-old, a black cost by Director; John H. Shults got the three-year-old, a bay filly by Stamboul, 2:07½, for \$500, and A. J. Welch paid \$1,080 for the yearling filly by Director. Welch also bought a promising yearling filly by Director—Carrie Russell, the dam of Jack, 2:11½, for \$200. Ex-Corporation Counsel W. H. Clark bought one of the bargains of the sale in the two-year-old brown cost by Director—Sapphire, the daughter of Jay Gould, 2:21½, and old Lucy, 2:18½. The youngster combines the blood that produced Direct and Robert J., and he showed an astonishing clip to the ring, Mr. Moore was much pleased over the result of his first public sale.

Et. Paso, Tex., Nov. 18.—Dan Stuart claims to have succeeded in securing a spot where he may pull off any prize fight without fear of interference. That place is on the Mexican side of the river, near Paso del Norte. He recently made a trip to the City of Mexico, and there obtained a concession that places him in india-putable possession of a tract of land for his plant. He will now make a bid for the Corbett-

GOLF. Bright Outlook for the Van Cortlandt Pari

There is every indication that the medal play ompetition for amateurs on the public links at Van Cortlandt Park, for the set of prizes pre sented by members of the St. Andrew's Golf Club, will be a success. An application for the use of the links on the afternoon of Nov. 28 has been made to the Park Commissioners through S. Van Rensselser Cruger, President of the Board, and there is little doubt that it will be granted. Mr. Cruger stated that it has been the policy of the Commissioners this season not to reserve the links at any time for the use of any particular club or set of players, but as the proposed competition was a special occasion and essentially a public function, he thought that the Commissioners might change their rule in

this instance. He will bring up the matter at the next meeting of the Park Board. In answer to a number of inquiries regarding the competition, it may be stated that there will be either three or four prizes, in accordance with the number of entries. It will be an eighteen-hole medai play match, without handicaps and open to all amateurs who are not as ye members of any club in the United States Golf Association. Entries close at THE SUN office at 8 o'clock on the evening before the competition No entrance fee is charged. The competition will probably begin at 1 o'clock, but if the entries exceed twenty it may be found advisable to make an earlier start. John Duncan Duon sailed from this port yesterday on the New York. For the past six weeks he had been teaching the game at the Country Club of Buffalo, and prior to that time he was with his uncle, Willie Dunn, at Ardsley Casino, He says that the Buffalo course is about the same length as St. Andrew's in Scotland. On the last day of his visit Dunn made a new record, while playing against Edwin Bell and Charley Newman, the greenskeeper. The old record was 84. Dunn's card was 75, as follows:

IN FAVOR OF DE LA SALLE.

Arbitration Committee of the Interscholas tie A. A. Overrules Berkeley's Protest. The Arbitration Committee to the New York at Condon School, 741 Fifth avenue, vesterday afternoon. The members present were:

W. Stevens, Barnard; R. H. Sims, Berkeley; Dr. C. E. Moore, Columbia Grammar; L. E. Mygatt, Collegiate F. W. Robinson, Condon; H. L. Harrison, Cutler; A. D. Gallup, Dwight; F. H. Paine, Hamilton Institute; Dr. A. Ulman, Trinity; F. N. Smith, Columbia Institute, and Brother Thomas, De La Salle.

First Vice-President B. W. Wenman called tee were elected for the ensuing year as follows: H. L. Harrison, Cutler, President; F. W. Rot inson, Condon, Secretary.

In presenting the protest entered by Berkeley

provides that:
Any school desiring to enter a team either in the
annual games of any of the respective contests for the
basebal, football, or tennis championships, must send
a list of candidates for such a team at least two weeks
before the occurrence of said games or contest to the
Chairman of the proper committee. In answer Brother Thomas of De La Salle Institute said: "It was an impossible thing to hand in a list of candidates two weeks before as the committee to receive the said list was not in existence at that time, as the first meeting of the association was only held on Oct, 13 and the first game played on Oct, 20, and therefore every school in the football series violated the constitution."

R. H. Sims of Berkeley School argued that the nature of the protest was not because the list was not sent in, but because Miller was not a student at De La Salle Institute two weeks previous to the game between De La Salle and Berkeley, and that he only entered the institute on Oct. 30, and the game he played in was decided on Nov. 10.

After some discussion Dr. Moore made a motion to dismiss the protest owing to the confused wording of the constitution, and also made a motion that a committee of three he appointed to help the association to revise the constitution. A ballot was taken and resuited in favor of De La Salle Institute by a vote of B to I. The committee appointed is as follows: Dr. Moore, Columbia Grammar: Dr. Ulman, Trinity, and H. L. Harrison, Cutler.

New HAYEN, Nov. 18.—Tickets for the Vale-Princeton football game have risen to a premium, and are being sold at from \$5 to \$10 apiece. The Yale management have put detectives on the track of the persons who are making the deals. They threaten to have the name of every Yale student caught speculating printed in the Yale papers, if they can secure proof of his act. Joseph Marks of New York, a ticket speculator, was arrested last night by Nathan Simon, a special policeman, on the Yale campus. He was offering tickets on a large bonus. The matter was investigated and proof offered that he had only a few tickets which, he claimed, a friend had been unable to use. He denied that he was a speculator. Marks gave bonds of \$50 and left town. Since no action was taken at the recent mesting of the Amateur Athletic Union in relation to effecting a change in the articles of alliance between the L. A. The second game of football for the class championship of Columbia University took place yesterday afternoon at the Oval, Williamsbridge, between the classes of '99 and 1900, and the former won easily by a score of 20—0. LAWRENCEVILLE, Nov. 18. — The Andover-Lawrenceville game will be played here on Friday, instead of Thursday, as heretofore announced, the Andover team wishing one more day to recover from the effects of the Exeter game played last Saturday. Lawrenceville has had many new men to develop, and has not reached the effectiveness former teams have shown at this time of the year. Two of the best backs have had to retire from the team, and the new ones are extremely weak in catching punts. Andover punted invariably in her game with Exeter on the first down, and her men have been carefully drilled to catch kicks. The Andover boys may be under some disadvantage by playing on strange grounds, but so far as team work is concerned they have evidently developed a better lot of players. West Point, Nov. 18.—The second game in the inter-class series was played on the Plain yesterday between the first and second classes, '98 winning by the score of 12 to 0. Great interest is taken in the class games by the cadeix, and this was manifest from the almost incessant cheering throughout the game. The teams were evenly matched as regards weight, but '98 proved to be the stronger, both on offensive and defensive play. For '98, Hancock, Maginnis, Fries, and Martin did the best work, while for '97, Oakes, Roberts, and Murphy showed to advantage. MEMPHIS, Nov. 18.—At the Collseum track to-night Johnson rode a mile in 1:52, the first half in 0:54, against his record of the track, 1:48 3-5, made last evening. He rode the first mile in 1:54, two miles in 3:47 2-5, three miles in 5:43 1-5, four miles in 7:41 4-5, and, sprinting gamely, finished the five miles in 9:36 3-5, a cut of twelve seconds.

we began business in New York. Many of the names that went on our books not long after our start are there to-day. When once a knowledge of "Keep" qualities and "Keep" prices gets into a family, we are pretty sure of that family's trade. Any one dissatisfied with what he gets here, or with the price he pays for it, or with the whar it gives, may have his money back. There is absolutely no reason under the shining sun why anybody should lose money by dealing with us.
